OUTLINES.

The latest returns last night gave Taft 309 electoral votes, while Bryan received 147, two votes less than he received in 1896. Maryland, until late last night was considered safely Democratic, but this State, with Indiana and West Virginia, has swung into the Taft column——Dispatches state that Bryan had carried his own State by 10,000 plurality, that Taft had carried Indiana by 15,000 and that his majority in Ohio would be about 50,000 with a majority for Harmon, the Democratic nominee for Governor. In Minnesota Johnson is elected Governor, while Taft carries the State. In Nebraska the Democrats elect the Governor and majority of the Legislature. In New York Tammany gets all important local offices. In West Virginia the Democratic candidate for Governor leads Taft. Bryan carried Kentucky.——Dr. Eliot has resigned as president of Harvard, to take effect next May——Chairman Mack says the Democratic committee is going to keep up the fight against the Republican party for the next four years; that it will keep up its organization for this purpose. He says Bryan was defeated by misrepresentation——At Amoy, China, athletic contests take place between teams from our warships——In Colorado Bryan and the full State ticket wins——Holland has not abandoned her people's interests in the contention with Venezuela——Congressman Fowler, of New Jersey, announces himself as a candidate for Speaker of the next House of Representatives——The vote in Missouri is very close. The Democrats have four majority in the House of Representatives——Mrs. Rebecca Veit, a wealthy widow, and her only son, J. Nelson Veit, a Wall street broker, were the victims of a double tragedy in New York yesterday——New York markets: Money on call steady 1 1-2 to 2 per cent., ruling rate 1 3-4, closing bid 1 1-2, offered at 1 3-4. Flour dull and about steady. Wheat easy, No. 2 red 1.09 1-4 elevator. Corn weak, No. 2 old, 80 1-2, new 73 1-4 elevator. Oats steady, mixed 52 to 52 1-2. Rosin steady. Turpentine steady 41 1-2. Cotton quiet, 5 points decline, middling uplands 9.35; middling gulf 9.60.

Slocomb proved to be a Slowgo.

It is in order now for those who know to tell how it happened so.

Blessed are they who expect nothing for they shall not be disappointed.

Now let's pull together for industrial and commercial good of our city and section.

Out of the seven candidates in the Presidential election there are at least five who got no less than they expected.

In this election it seems that the smaller the vote a Presidential candidate got the harder it is to ascertain what that vote was.

Well, if we did get left on the National election we have the consolation of knowing that it is over and cannot occur again for four years.

What caused such diversity of opinion as to the outcome of the election was that all the political leaders on both sides talked at the same time.

A reading of the election returns makes one think that some of the campaign managers knew all the time that they were talking through their hats.

It seems that North Carolina didn't want a "business man" of the Cox stripe for Governor. A man is sometimes judged by the company he keeps.

Many friends have asked us, of late, what we could find to write about after the election was over. Just now we realize that it was a very pertinent question.

Now let's see what we can do to bring more foreign capital into our section, to establish more manufacturing plants and to bring more idle land under cultivation.

In spite of the victory of the high tariff, trust-ridden Republican party, let the South show what progress she can make by native pluck and energy in the next four yaers.

By the time out people again line up in opposing ranks on politics we hope they will, by united action, have accomplished much in the way of material progress for our city.

The extensive preparations the Southern Railroad has recently made to increase its double-track mileage shows what its officials think of the increased railroad traffic in the South in the near future.

All the harsh things which were said by opposing candidates and their friends during the campaign have been forgotten, of course; if they have not been forgotten there are a great many who wish they may be.

IN NORTH CAROLINA

Returns From Tuesday's Election in State Are Slow in Reaching Raleigh.

TWO DISTRICTS ARE LOST

Eighth Goes Republican With Very Probably the Fifth—Returns From the Counties—Godwin Increases Lead.

(Special Star Telegram.))

Raleigh, N. C., Nov. 4.—In no campaign for many years have election returns twenty-four hours after the polls closed been so meagre the State over as to the election, there having been thus far received a mere handful of actual county reports in Democratic headquarters here.

State Chairman Eller last night claimed that the State ticket majority was 40,000 to 45,000. During today he estimated it as probably 40,000 and tonight thinks it can't be less than 35,000.

Governor Glenn who came in from Winston-Salem and Greensboro tonight believes the majority will not be over 30,000.

Reports from newspaper sources here tonight indicate 30,000 to 35,000 majority. The loss of the Eighth Congressional District by 1,500 is conceded by Democrats. The tenth is claimed by both parties. A telegram came from the chairman of Haywood county to the effect that Crawford, Democrat, had carried the district by 240. Reports from the Fifth district are conflicting. A press special says Brooks, Democrat, is elected by 500 but otther advices indicate that Morehead, Republican, is elected by a small majority.

Late tonight Chairman Eller said further returns show that the Democrats gained members of the Legislature in Graham, Clay, Polk, Person, Pamlico, Dare and Brunswick. The net loss of members of the House he estimates to be certainly not over ten with a safe and even large Democratic majorities in both the House and Senate for the 1909 Legislature.

The Democratic Legislative losses seem to be in Rockingham, Forsyth, Orange, Davidson, Cabarrus and Buncombe.

Chairman Eller says it is evident the Republicans concentrated their effort in close counties, especially on the legislative ticket. Democrats lost no county where the former majorities were considered safe.

He says this being a presidential year and the year following the discussion and settlement of great problems which divided out the people, it was expected that the dominant party would feel the effect of such adjustment of these problems as all parties must do. The further fact that for twelve years the Republican party has been persistently preaching the doctrine that prosperity follows their policies and disaster follows Democratic policies, has of course had its effect while the Democratic party exposed these fallacies, yet it was impossible in the course of a short campaign to reach all the people and remove the impressions which had been instilled for years. So that, under such circumstances ,the Democratic party should feel proud of the vote polled. And that the party stood so firm, goes to show that the Democracy of North Carolina is determined to take care of her own State under any and all circumstances.

Democratic headquarters telegrams showed counties Democratic: Rutherford, 261; Bladen, 500; Rowan, 600; Halifax, 2,000; Sampson, 1,500 Republican. Fourth Congressional district elects Pou over Briggs by about 3,000. Former majority 7,000. Chatham county elects a Republican sheriff. Dr. Matthews and Turner, Republican, are elected to the Senate from the district composed of Sampson, Harnett, and Johnston counties.

A dispatch from Asheville at midnight says: "Returns from all counties of the Tenth Congressional district give Crawford, Democrat,' a majority of 131.

Gov. Glenn on Situation.

Raleigh, N. C., Nov. 4.—Gov. Glenn is just in tonight from voting at Winston-Salem and said he attributes the Republican gains in North Carolina and the whole South to the perfect organization of the Republicans and a lack of organization by the Democrats who relied too much on the great popularity of the Presidential candidate and impregnability of their States as a part of the Solid South. In North Carolina especially, where Democrats have been defeated, it is largely due to crimination and recrimination among Democrats seeking nominations. Reform in party management and party nominations, he declares, to be essential to future party success.

Gov. Glenn declares the indications at Greensboro as he passed through are that Brooks, Democrat, is defeated by Morehead, Republican, for Congress in the Fifth District succeeding Governor-elect Kitchin, so that three instead of two districts are Republican. Gov. Glenn claims 30,000 Democratic majority for the State while State headquarters here claim 40,000.

NAVIGATION AND PILOTAGE

Regular Monthly Meeting of Board of Commissioners Held Yesterday. Report of Soundings Committee—Suggestions.

The regular monthly meeting of the Board of Commissioners of Navigation and Pilotage was held yesterday with the following present: Chairman Jas. Sprunt, Commissioners M. C. Guthrie and Richard Dosher and Clerk L. Brown McKoy. Minutes of meeting of July 1, 1908, were read and approved.

Report of soundings committee for the month of October, was also approved by the Board. The depth in feet at high water, least and greatest, was as follows:

From the bar to Buoy No. 1, least 27 1-2; greatest 33 1-2.

From Buoy No. 1, to Buoy No. 3, least 28; greatest 31.

From Buoy No. 3, to Buoy No. 2, least 29; greatest 31.

From Buoy No. 2, to Buoy No. 4, least 30; greatest 32 1-2.

From Buoy No. 4, to Buoy No. 4 1-2, least 31; greatest 33.

Buoy No. 5 at mouth of river channel 42.

Rise of tide five feet from mean low water, October 27th, 1908.

Commissioner Guthrie called attention to the fact that these soundings, as well as those for several months past, show the depth of water from the Bar to Buoy No. 1 to be less than the depth higher up, in the river channel proper. He also stated that the figures, shown in the reports of soundings made by the pilots, indicate the greatest depth of water in the localities specified, but that some of the soundings were not made with the ranges on, the pilots having gone beyond the points of certain shoals in order to get the deepest water; this, he observed, shows the importance to maritime interests of these river and bar soundings by the pilots, as ordered by the Commissioners. Mr. Guthrie further stated, however, that the government dredge is now working on the points of the shoals in question, with the intention of bringing the ranges into line for the deepest water.

The clerk was requested to communicate, in due deference, with Capt. Earl I. Brown, of the U. S. Engineer Corps, bringing these soundings to his attention and suggesting that, in the opinion of the Board, the approaches to the bar should afford the greatest depth instead of the least depth, and asking that, if practicable, this place be dredged to conform to the deeper water of the river channel.

The chairman stated that Pilot E. A. Grissom, one of the oldest Cape Fear Pilots, had recently died; and also that Pilot A. M. Guthrie, another capable Cape Fear pilot who had been engaged in his vocation for nearly 40 years was lost at sea in a storm which swept the coast in July. The clerk was instructed to forward resolutions of sympathy to the families of these two pilots.

The Harbor Master's records were presented, covering the period from May 1, 1908, to October 31, 1908, and received the cordial recognition of the commissioners for the satisfactory manner in which this information is compiled in accordance with their request and for their reference. This record is now much more complete than has ever been accomplished by previous boards.

TO LOCATE PLANT HERE.

Garysburg Mfg. Company Closes With South Wilmington Land Co.

Mr. Thomas Bacon, Jr., general manager of the South Wilmington Land Company, which is developing a very promising manufacturing suburb with attractive deep water terminals and other advantages just to the south of the city, yesterday informed a representative of the Star that he had just closed up with the Garysburg Manufacturing Company, of Burgaw, for the building of a large saw, planing and veneer mill on the property named. There are eight other valuable manufacturing sites in the plot and Mr. Bacon is confident that all will be taken within a short time. It is his plan to build on the settlement a number of very desirable homes for operatives and to connect the colony by a trolley line to the city, the fare not to exceed five cents. He is very enthusiastic over the outlook and the successful culmination of his plans means much to the commercial welfare and industrial progress of Wilmington. He is and should be receiving the cordial support of every loyal citizen in his enterprise, which is a large and an important one.

Russian Barquentine Clears.

The Russian barquentine Mats, Capt. Uttopart, which has been in port here since the latter part of August, will sail today for Havre, France, after a long delay occasioned by repairs to enable her to make the trip. The vessel was en route from Mexico to France with a cargo of mahogany, when she was found in distress off Cape Lookout by the tug Sea King and towed into port. A libel suit was instituted against her for salvage charges, but the libellant and owners of the vessel made a compromise and the suit was withdrawn. While in dry dock she was thoroughly re-caulked, painted and otherwise repaired. During the past few weeks she has been reloading her cargo of mahogany which was discharged soon after she came in port.

MR. J. E. CROW DEAD

Well Known and Highly Esteemed Wilmington Citizen Died Suddenly Yesterday.

WAS MAKING BUSINESS CALL

Stricken With Acute Indigestion at Pearsall & Company's, on the Wharf—Ideal Confederate and Man of Character.

The community was shocked and saddened early last night at the announcement of the sudden death of Mr. John E. Crow, one of Wilmington's best known and most highly esteemed citizens and business men.

Mr. Crow was up and about his duties yesterday as usual, enjoying apparently good health, but while making a business call at the wholesale grocery house of Pearsall & Co., No. 617 Nutt street, he suffered an attack of acute indigestion and before medical assistance could reach him in response to hasty summons made by those who saw him fall, life was extinct. Mr. Crow had not been in the best of health for some time but his condition was not regarded at all serious and the community was totally unprepared for the great shock that came with the announcement of his death. The remains were carried last evening to the home of his brother-in-law, Mr. Junius Davis, No. 312 South Third street, where many friends called during the evening to tender their condolences to the stricken family and to express their great regret and sorrow at his death.

Mr. Crow was born near Petersburg, Va., but had been a resident of Wilmington for many years and had long been identified with the business interest on the wharf, being at the time of his death senior partner with Mr. C. C. Brown in the Wilmington Brokerage Co. He was a man of great geniality, strong character, a high sense of honor and fine disposition He made many friends and lasting ones. Before attaining his majority, Mr. Crow at the outbreak of the War between the States volunteered his services to the Confederacy and became a mmber of Company E of the Twelfth Virginia Infantry, following Jackson from Bethel to Appomattox. He was the ideal Private Confederate Soldier and by no part of the citizenship of Wilmington will his departure be more generally lamented than by those who with him followed the fortune of the South in those dark days of its history.

Mr. Crow married Miss Emily Davis, oldest daughter of the late George Davis, Attorney General of the Southern Confederacy, but she preceded him to the grave many years ago and there are now surviving of the immediate family only four sons, Mr. George D. Crow, who recently removed to Baltimore, Md.; Mr. Fairfax Crow, of Waco, Texas, and Messrs. W. C. Crow and Emmet P. Crow, of this city. They have the tenderest sympathy of all in the great sorrow which has come to them in the death of a kind and loving father. Until the absent members of the family can be heard from, no arrangement will be announced for the funeral.

NEW HANOVER RETURNS.

Will be Officially Canvased Today at Noon—Seven-Mile Post.

As required by law the canvassing board, composed of one officer from each of the polling places, will meet at the Court House today at noon and after receiving the returns from all precincts, will tabulate the same and officially declare the result from Tuesday's election in New Hanover. With the exception of the lower division of Harnett township, which did not come in until yesterday, semi-official returns from all the precincts have already been given in these columns. The lower division of Harnett gave Bryan 25, Taft 10, bringing the total for Bryan to 1,862, Taft 551 a Democratic majority of 1,311. It gave Godwin 33, Slocomb 5 making a total of 2,154 for Godwin and 249 for Slocomb, a Democratic Congressional majority of 1,905. For Kitchin, the missing precinct gave 34 and for Cox 5, making a total of 2,107 for Kitchin and 274 for Cox, a Democratic majority of 1,833 for the State ticket. It cast 37 for Empie and 33 for Morton. The official returns as declared by the canvassing board will be published tomorrow.

Handled by Southport Firm.

The fishing smack Gaffney arrived up from Southport yesterday afternoon with 8,000 poundes of fine black fish caught on the outside and shipped through Wilmington by the firm of T. H. Dosher & Co., of Southport, who are handling the cargoes of several of the large schooners now engaged in deep sea fishing off the North Carolina coast.

Death of Little John Register.

The friends of Mr. and Mrs. H. M. Register, will learn with sorrow of the death of little John A., their infant son, which occurred at the home No. 10 Queen street, Tuesday night at 9:15 o'clock. The remains were sent to Clinton yesterday morning accompanied by relatives, where the funeral was held and the remains were interred yesterday aftrnoon.

UNDER A MILITARY GUARD

Negro Taken From State Prison Back to Concord For Trial—Another Warrant Served in Butler Criminal Libel.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 4.—Company E, Third Infantry, of Raleigh, seventy strong, left here this afternoon for Concord under command of Lieutenant Z. P. Smith as a special military guard for Will Graham, alias Henry Faggart, the negro charged with criminally outraging Miss Pearl Tucker, a 16-year-old white girl, near Concord, October 13th who is being carried back to Concord for the trial which is to begin there tomorrow.

The negro has been in the State prison here since the crime for safe keeping, there having been danger of attempts to lynch him. The crime was most atrocious, the negro having seized the girl in a field and carried her screaming to a nearby belt of woods. State officials declare that the sending of the military guard is merely a precaution and that it is not believed there will be any attempt to interfere with the orderly course of the negro's trial.

Editor Lester Butler, of the Caucasian, ex-Senator Marion Butler's weekly paper here, had a warrant for criminal libel served on him here this morning in the prosecution instituted against the Butlers and the Caucasian for criminal and money damages by Republican State Chairman Spencer B. Adams for charges of corruption made by the Butlers and the paper against Adams in connection with the United States Court of Indian Claims of which Judge Adams was chief justice. Editor Butler left Raleigh this morning with Deputy Sheriff Stell, of this county, for Greensboro where the preliminary trial is to be. Ex-Senator Marion Butler has also gone to Greensboro under a similar indictment from Sampson county. He had gone to Sampson to vote yesterday when the indictment was served on him and bond in the sum of $2,000 given by him for his appearance in Greensboro today. The phase of the prosecution under which the indictments are made is for criminal libel. There is a civil side of the case demanding $50,000 damages for the alleged slander.

PRETTY HOME MARRIAGE

Miss Mabel Hewlett Bride of Mr. Colin S. Lewis.

At the home of the bride's parents, No. 214 1-2 Castle street, Miss Mabel Gertrude Hewlett, daughter of Mr. and Mrs. E. W. Hewlett, and Mr. Colin Shaw Lewis, were united in marriage by Dr. Fred D. Hale, D. D., pastor of the First Baptist church, at 5:30 o'clock yesterday afternoon.

In attendance were relatives and many friends of the contracting parties, who extended the happy couple their best congratulations. The home presented an attractive appearance in its well arranged decoration of Southern smilax and cut flowers, carrying out the color scheme of white and green. Attending the bride was Miss Fannie Hewlett, her sister, as maid-of-honor, and accompanying the groom as best man was Mr. W. Jones. Following the wedding a reception was tendered by the bride's parents, attended by friends and which proved most enjoyable.

Mr. and Mrs. Lewis left last evening on the 7 o'clock train for a bridal tour to northern cities, to return to Wilmington, where the groom is a well known business man, in about ten days. They will reside on South Front street, where they will be pleased to greet their friends upon their return.

A. & M. TO PLAY HERE

Will Meet Wilmington Football Team Saturday, November 14th.

Final arrangements for a game here Saturday, November 14th, between the second team from the Agricultural and Mechanical College, at Raleigh, and the Wilmington Football team have been perfected by Mr. Ben Bell, Jr., manager of the local aggregation. The enthusiasts are manifesting considerable interest in the approaching gridiron contest, which will likely be hard fought and interesting. The Wilmington team is going through a steady routine of practice and will be in fine trim when the time arrives.

The manager has also been fortunate in securing a game with the team from Fort Caswell to be played on Saturday, November 21st. This will be a game worth while and to add to the enthusiasm, the fort aggregation will bring along the band, which at present is giving concerts at the Elksfest.

The Wilmington High School team, which has made a splendid record, will meet the Goldsboro High School here next Saturday. The game will be played at League park and will doubtless create much interest.

Southport People Here.

Quite a number of Southport people and others from Fort Caswell took advantange of the special trip of the steamer Wilmington yesterday and spent the day in the city attending the Elksfest. Among the visitors were Mayor M. C. Guthrie, Messrs. Richard Dosher, A. J. Robbins, R. R. Watkins, M. A. McKeithan, R. S. Newton, Charley Watts, Geo. Pinner, Richard Pinner and Misses Geneva and Mary Haskett and Miss Bessie Newton.

PARADE AND CIRCUS

Splendid Street Pageant and Tented Exhibition Feature of Big Elksfest Yesterday.

LARGEST CROWDS OF WEEK

Parade Witnessed and Admired by Thousands—Midway Thronged and All Shows Patronized Day and Night.

A grand, giant, gay, gorgeous, glittering street pageant which proceeded majestically and methodically along the principal thoroughfares of the bailiwick yesterday afternoon; a magnificent matchless, mastodonic performance of the Elks Burlesque and Society Circus under acres and acres of taut canvas, a tented arena comprising two rings and a mammoth platform in and upon which was something doing all the time, and the merry whirl of frolic on the midway all day out at Elksplatz, Seventeenth and Princess streets, rounded out the third and perhaps the most successful day of the Elksfest and Wilmington Fall Festival.

The parade claimed first attention at 3 o'clock yesterday afternoon, starting from the grounds. The weather was ideal. Exalted Ruler J. F. Leitner had arranged for a gentle shower that allayed the dust a few minutes before the hour for the pageant to move, the water wagon being otherwise engaged and nothing occurred to mar the perfect success of the parade in every particular. The route was slightly changed at the last minute so that the march was down Orange instead of Nun street, but that did not prevent the display being seen by everyone. Market and Front streets along the line of the parade was a mass of humanity; second and third floors, balconies and telegraph poles were all pressed into service and it is safe to say that more people witnessed the parade than ever turnd out before in Wilmington.

Riding at the head of the parade was Grand Marshal T. B. Carroll, followed by a cordon of seven mounted police. Then came Exalted Ruler Leitner, Manager Buckley and other officials in the decorated automobiles of the civic and floral parade. Immediately following was the band wagon, one of the largest ever seen in the streets, driven by H. M. Croswell and bearing the Post Artillery Band which made the welkin ring with enlivening music. Then came a cavalcade of horsemen and "horseladies," their steeds gaily caparisoned. Chief Clown C. L. Browne in a pony cart and bulldog accompaniment came next with Head Canvassman Jackson as a jockey clown in jackass riding rig. Next came a cage of rhinoceros, sides closed, Dr. C. T. Harper and Capt. Wm. F. Robertson driving. Next was a den of writhing reptiles, boa constrictors and other snakes from the tropics, charmed, caressed and fondled by George Harrell in the costume of an Oriental female; next was a den of freaks, not exposed to view, and then the Wild Man From Borneo, cleverly taken by James M. Hall with "Dick" Warock as keeper. Ferarri's Band took up the second section and discoursed the real circus music; then came exhibits from Ferarri's wild animal show and Buckskin Bill's Wild West outfit with the band of the latter big organization. There were camels, dromedaries, monkey cages, dogs, ponies and other animals will and domestic. The chariot drivers "Ben Hur" and "Ben Him" as taken by Messrs. Oscar Morris and Joe Schad were the best of the kind ever seen from any circus hereabouts. Next came a fine exhibit of birds from the North Carolina Bird Company driven by Mr. Lutie Croom. Next came a huge cage of two large Numidian lions, quiet and submissive at the crack of the whip or the pop of a pistol in the hands of their keeper, Herr C. W. Polvogt and "the leetle lady in waiting," Mr. D. N. Chadwick, Jr. King & Tucker's Railroad Shows contributed a fourth band and no end of professional exhibits including a large lion in charge of a keeper. Next came another large animal cage, the animals being not exposed except on the driver's seat. Another chariot and an announcer with "Bill" Wilkins holding the ribbons; the Italian Band from St. Helena, making the fifth band in line. The water wagon followed in the wake of all these other repulsive features, this being driven by Sheriff Cowan and H. G. Smallbones, Jr., while riding "high and not altogether dry," the managers of the local breweries, Messrs. Knight and Newman, and Mr. "Trask" Turner. Next came a sixth band wagon with the Delgado Band, a band of freaks and announcers, an exhibit of bovine pulchritude from Kennedy's market, a hayseed band wagon driven by C. B. Rehder and emitting all sorts of music from rag-time to selections from grand opera.

Also riding in various vehicles and upon flats were Ring Master James H. Cowan, Office Attaches H. J. Gerken, George Harriss, Ed David, J. E. Hatch Emmet Levy, H. Gieschen, Julius Taylor, Percy Wells, W. S. Smith,

POLITICS OVER—NOW BUSINESS.

Now that the election is over and politics laid on the shelf there are two things the Democrats of the South should do. One is to show to President-that-is-to-be Taft that they fought him on political principles, and as a majority of the people have chosen him as President they are going to take him at his word, declared during the campaign, that if elected he would be the President of no section but of the whole country. They should not handicap him in the outset of his administration by captious objection to his every act just because he was elected as the nominee of the opposing party. They should give him praise for his good deeds as well as censure for those they consider otherwise. Above all things they should have respect for him because of the high office he holds. For two reasons should they do this: First, it is but right and fair; and in the second place, nothing can be lost by it and, perhaps, much gained, for it is human nature that Taft should feel more kindly disposed toward the South if he finds the dominant party here, which was opposed to him, is inclined to give him a fair showing, than if he is encountered with criticism, opposition and censure at every step. It surely is better to accept the inevitable and make the most of the situation. This can be done without self-abasement or giving up party principles.

The other thing for the people of the South to do is, now that the several months' excitement of a political campaign has come to an end, for all to turn their attention to what our section so much needs—united action and activity in industrial and commercial development of our section. They should turn from politics to business, and in this, political lines should be wiped out. They are all Southerners—Democrats or Republicans—and they all want to see the South prosper and progress. This can be brought about only by united action. Then let our people put aside politics and turn to the development of our section. They can do this and yet not yield one iota in their allegiance to their party when the time comes to divide on political questions, but don't let them divide on matters which concern the material interests of all just because they are divided on political questions.

IMMIGRATION.

For several months after the panic of last fall the tide of immigration to this country turned and at one time the emigration exceeded immigration. It was said this was caused by the fact that so many of the foreigners who were thrown out of work in this country were returning to their old homes where they could live in idleness more cheaply on their savings than they could on this side and that the fact of so many being out of employment here caused a falling off in the coming of their friends from the old country. This state of affairs is now changing and immigration is now on the increase. Last week's arrivals of immigrants from Europe were the largest in several months. On last Friday nearly three thousand immigrants landed in this country. What does this mean but that the news has spread among the class of Europeans who wish to come to America that the demand for labor has revived, that indicating resumption of much work that has been suspended and the undertaking of new ventures requiring more laborers? It is a good sign of the return of progress and development, whatever may be one's opinion of the good results to come to the country through this one of the consequences of the same.

HOBSON'S PIPE DREAM.

It seems that the Chinese populace was less impressed with the magnificence of the American battle ship fleet than that of any nation it has visited on its trip around the world. The Chinese people did not seem to think it much of a naval armament. No doubt they felt that they could blow it out of the water with a few of the old ships that they had left to them after the war with Japan. They were not at all awed by the magnificent fighting power displayed by the crack vessels of the American navy.

This would lead one to suppose that in his pipe dreams about the utter annihilation of the American navy by Japanese warships in that fierce conflict in the Pacific which is soon to take place, Mr. Hobson had gotten the two oriental nations confused and that it is China and not Japan which is so soon to humble the United States, utterly destroy her navy and annex the Pacific coast States. Mr. Hobson should take another close survey of the situation to ascertain whether or not he has made this mistake. If our country is to be defeated in war and so humiliated by an enemy there should be some certainty as to the nation from which this calamity is to come. Try it again Mr. Hobson.

COTTON MILLS PROSPERITY.

Indications are that there are prosperous times ahead for the cotton mills of the country. A leading mill man of New England says:

"The condition of the cotton goods business, from the standpoint of the mill man, is growing better with each succeeding week, and immediately after the election is disposed of it will make even greater gains. While we have not yet reached the point where we can readily sell all the goods we can produce, we are satisfied with the situation, for prices are better, demand for goods increases steadily, and there is a good winter and spring business ahead of us."

Sveral weeks ago Eugene V. Debbs said that "neither by temperament nor by taste was he fitted to be President of the United States." We would like to know, then, why he has twice consented to be the candidate of a party for that high office? Was it simply for the purpose of aiding one of the two dominant parties by his effort to draw support from the other? A man who accepts nomination for an office and admits that he is not fitted to hold it, by that admission demonstrates the truth of the admission.

While the Republicans elected Taft why should not the Democrats meet him half way—during his term of office—in his declaration that if elected he would be the President of all sections and know no South, no East, no North and no West? The Democrats of the South can do this and still let him and his party know that they will fight as vigorously four years hence.

CURRENT COMMENT.

—The oldest twins in Boston are John and William Caughey, aged 85. Personally they resemble each otther as much as two peas from the same pod. They shave alike, dress alike belong to the same church, and think alike in all matters save politics. But John is a Democrat and William is a Republican.—Savannah News.

—American political audiences have a fine sense of courtesy, which they carry to such an extent that their attention are sometimes embarrassing to the speakers, but that, at least, is better than the British practice of crowding such meetings with howling, hooting, hostile mobs. Mr. Bryan says he was well received at all the meetings he has addressed. His opponents can say the same thing. That's the genial, gentlemanly, American way.—Brooklyn Times.

—Friends of Standard Oil have always argued that whatever its faults it had certainly at least managed to give the American people better oil at a cheaper price than ever before. But isn't it strange that in order to continue doing these good things for the public it was yet necessary always to be buying up a senator there and a newspaper here. Does the philanthropist and well-doer constantly have to bribe as he goes on his pious way?—Columbia State.

—Mr. Roosevelt's idea is that trusts should be seen but not heard. The Republican campaign treasurer ought to "see" them, but they ought on no account to give utterance to their political conferences. But what harm is done? Are not the trusts the 'business interests' to which the Republican party listens so abjectly? And has there ever been a particle of doubt about the party choice of nineteen trust magnates out of every twenty? Treasurer Sheldon is in a dozen trusts himself.—Philadelphia Record.

—Evidently the present condition of the oyster industry is deplorable, and probably it will continue so for three or four years to come. The calamity, however, is not without its uses. It will force all the people along the coast to open their eyes to facts which many of them have refused to see or acknowledge. Five years ago the Richmond newspapers warned the tongers and others engaged in the oyster business that they were killing the goose that layed the golden eggs. These warnings were met with derision and accusation of ignorance or treachery. Local political leaders and others eager for popularity raised a clamorous cry that monopolies were to be established, that the heritage and rights of the people were to be wrested from them, that the oyster lands were to be delivered over to foreigners and aliens. Now the goose is out of action and the supply of golden eggs has stopped.—Richmond News Leader.

—The election over, public attention will now be turned to the coming marriage of the Duke of the Abruzzi to Miss Elkins, daughter of the Senator by that name, and granddaughter of Senator Henry Gassoway Davis. The wedding is to take place in Washington before January 1, and, of course, will be known as a swell affair. A financial negotiation in connection with it will praticularly increase The Chronicle's Sewing Society. Miss Elkins' pa will be called upon to plank down a dowry of $1,000,000 to the Duke. It must be in cash, and placed in a bank to the Duke's credit on the day the marriage takes place. It is said that Senator Elkins is wrinkling his brows over the raising of the money, but Grandfather Gasaway is game. He says that if Steve cannot put up the money, he will do so himself. The Duke is not much of a coupon clipper, as royalty goes, for his income is only $24,000 a year. Of course, the wad Elkins is to give him will make him feel better.—Charlotte Chronicle.

—No President has been more fruitful of suggestions than President Roosevelt—suggestions for the most part inspired by the enthusiasm of the moment, and so, of course, not very carefully thought out. But one suggestion he made while on his memorable visit to the Panama Canal works seems likely to bear fruit. During that visit, impressed by the hum of earnest industry in the Canal Zone, he declared that the workers down there were the soldiers of labor; that those who had helped to carry through this mighty work would always be held in honor by the American people, and he suggested that the workers were as much entitled to medals of honor as soldiers who fought successful battles for their country. That suggestion is bearing fruit, and it has now been decided that a medal is to be awarded to every worker in the ranks who has a record of two years' faithful service in the construction work of the Panama Canal. Recently, in the course of excavation, the laborers come upon a ton of old copper piping left behind in the wreck of the French canal company's hopes, and this, together with a quantity of bronze locomotive bearings and 200 pounds of tin found in an old French warehouse, has been gathered together and sent to the Philadelphia mint to be cast into Panama Canal medials.—Washington Herald.

MUST BELIEVE IT

When Well-Known Wilmington People Tell It So Plainly.

When public endorsement is made by a representative citizen of Wilmington the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

L. H. Partin, 7 So. Fourth St., Wilmington, N. C., says: "I know that Doan's Kidney Pills are a good remedy for the kidneys as I used them with satisfactory results. My back was very weak and lame and I was bothered by pains across my loins. The kidney secretions were highly colored contained a sediment and were very painful in passage. Seeing Doan's Kidney Pills advertised, I concluded to give them a trial and bought a box at Robert R. Bellamy's drug store. They acted just as represented and it was not long before I was relieved."

COLORADO DEMOCRATIC

Indications That Bryan and the Full State Ticket Carry the State.

(By Wire to the Morning Star.)

Denver, Colo., Nov. 4.—Estimated pluralities by counties based on incomplete returns indicate that Bryan and the entire Democratic State ticket headed by John F. Shafroth for Governor, carried Colorado with pluralities in the neighborhood of 5,000. The Democrats probably will control the Legislature by a narrow margin, insuring the election of Charles J. Hughes, Jr., as United States Senator to succeed Senator Teller.

In the Congressional returns the returns favor Edward M. Taylor, Democrat, in the State at large, Robert W. Bonynge, Republican, in the first district and John A. Martin, Democrat, in the second district.

—Monroe Journal: A large fine horse belonging to Dr. H. D. Stewart made a record breaking runaway Sunday that ended in his own death. As he was being unhitched at noon he became frightened, broke loose from the buggy and ran. From the Stewart residence near the graded school he went through town to the passenger depot, and shying to the left took straight down the railroad track towards Wingate. Without a halt he sped along the track till he suddenly came to the long steel bridge over Richardson creek two mile from town. Some men who happened to be there saw his action. Coming suddenly upon the bridge, he made a mighty spring and shot with his full length out on the long bridge in a vain effort to cross the three long spans. As he fell upon the cross ties, one foot went through and one leg was smashed to shivers. He struggled off the bridge and down the embankment on three legs and began calmly to pick grass. It was, of course, necessary to kill the ruined animal, which was done.

Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound carries women safely through the Change of Life.

Read the letter Mrs. E. Hanson, 304 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervousness, headaches, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I feel so much better, and I can again do my own work. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The Barrel on the Sidewalk.

A barrel stood on the sidewalk, and beside it stood a man. The man was dressed in laborer's clothes and apparently was in a quandary about how to get the barrel to one of the upper floors. He scratched his head and pondered, and meanwhile a crowd began to gather.

"Rig up a derrick and hoist it by hand," suggested one man with a clay pipe in his mouth.

The man beside the barrel made no response.

"Get a rope and pulley and hitch a horse to the rope. That'll get the thing up in jig time," suggested another.

The man remained silent.

"Why in the dickens doesn't he put it on the temporary elevator and take it up that way?" asked the man with red whiskers.

"I know a better way than that," said the man with patches on his trousers. "Just rig up a boatswain's outfit, and the thing can be hauled up quick as a wink."

Suddenly the man beside the barrel took a red bandanna handkerchief from his pocket, wiped his forehead, took a chew of tobacco, put the barrel on his shoulder and carried it up to the second floor.

The barrel was empty.—Milwaukee Free Press.

Our Language Is So Explicit!

The tradesman had rendered his bill, waited a month and then wrote:

"Please, sir, I want my bill."

Back came the bill with these words:

"Certainly; here it is."

The bill was returned, and in a month the tradesman again wrote:

"Kindly send me the amount of my bill."

And the answer came promptly and politely:

"Certainly; it is $104.26."

The third month the tradesman again wrote:

"Will you send me a check for the amount of my bill?"

The answer came, with a blank, unsigned check:

"Certainly; here is the check. I have kept the amount of your bill."

The fourth month the tradesman wrote:

"I want my bill paid."

And the answer came back, "So do I."

Then the tradesman gave it up.—Ladies' Home Journal.

Is Oratory a Drawback?

The great orators have not been the most fortunate aspirants for the presidency. Webster, Clay, Douglas and Blaine were idolized by their followers, not only for their abilities and personal traits, but also for their persuasive powers of speech. Horace Greeley, candidate of the Democrats and Liberal Republicans in 1872, was not a notable orator, but was none the less an effective talker. He made a speaking tour in the latter part of the campaign, and, although his position was an anomalous one, he acquitted himself with credit, even if he was overwhelmingly defeated. Tilden, who in his free soil days made speeches, obtained his mastery by his pen, not by his tongue. Grant, who was called the silent man because he could not make a speech when he first became a candidate, learned to speak very well in public, his speech for Garfield in 1880 being a good example of his development in that direction.—Boston Globe.

"Balderdash!"

An illustration of the manners of critics in bygone days is furnished by a scathing notice once printed concerning a volume of Browning's poems. It was an early volume, and Browning was delighted to receive a letter from J. S. Mill proposing to write a notice of them in the Westminster Review. A few days later his expectations were dashed by hearing from Mr. Mill that he could not write the article, as he had been forestalled by a notice which had appeared in the Westminster Review itself. With a palpitating heart Browning rushed to his club and searched the pages of the Westminster Review, to find, to his dismay, the article which had robbed him of Mr. Mill's notice. It was to this effect: "A volume of poems by Browning—balderdash!"

Tackle This One.

The following paragraph of a hundred words is an excellent test in pronunciation. Try it first, and then go over it again, every word, in company with a good dictionary:

"Cleopatra, isolated in the oasis, soon became acclimated and had ample leisure to contemplate all the economic details of her inextricable sword. The wound resisted the allopathic misogynist, who gave a courteous diagnosis and humbly craved precedence for a tiny idyl in the form of a vase with an aesthetic acousting apparatus. This told the news like a book, but it might have been a dog living in squalor from the look she launched at him when he wrote down his address. She ate her breakfast and then fraternized with a national expert in appendicitis, who attended the obsequies."

STEAMER TAR HEEL SUNK

Former Wilmington Craft Goes to Bottom at Georgetown, S. C.

Georgetown, S. C., Nov. 3.—The steamer Tar Heel, owned by Messrs. S. M. Ward & Co., sank this morning about 6 o'clock at the Clyde wharf. No cause can be assigned for the loss as the crew left her in good condition late last night and everything seemed in perfect order.

As she stands in the water now the housing is torn entirely loose from the hull and the immense boiler has left the hull and cannot be located.

The only reason that can possibly be assigned for the sinking is that on high tide last night the hull of the steamer caught on the railing of the dock and on low water this morning she was turned sidewise, causing her to be submerged.

Her gross tonnage is 99 tons, length, 101 feet, breadth 35 feet. She was built in Wilmington, N. C., in 1903. The Tar Heel was purchased about eight months ago by S. M. Ward & Co., and has been plying regularly on the Pee Dee since she was transferred to Georgetown. She is partly covered by insurance, but the loss will be heavy on the owners.

Judgment in the sum of $1,300 was obtained in Paris yesterday against Prince Helie de Sagan, on certain protested notes given by the Prince to a dealer in antiquities through whose agency he purchased in 1900 a number of souvenirs of General Marceau, paying therefor $8,000. They included the General's seal and the plumes he wore in battle. Prince de Sagan was married several months ago to the Countess de Castellane, who was Miss Anna Gould, of New York.

IN NORTH CAROLINA

(Continued from first page.)

Democratic by 700 majority, an increase in the vote over two years ago of 250. Congressman Godwin ran ahead of the ticket here. Mr. Godwin expressed great satisfaction today at his majority in the district. Two years ago it was 5,080, this year it will be about 6,400. The reports of the election in New Hanover printed in today's Star shows that he gained 1,000 votes there over last election. Mr. Godwin's friends attribute the increase in his majority to his faithful record in Congress.

Result in Cumberland.

Fayetteville, N. C., Nov. 4.—Election returns from 20 out of 23 precincts in Cumberland county show the following vote for the legislative ticket: Senator Nimocks, Democrat, 1,503; Geddie, Citizens' ticket 1,357; Representatives, Currie, Democrat, 1,529; Underwood, Democrat, on both tickets, 2,252; Broadfoot, Citizens' ticket, 1,224; Cashwell, independent, 5. Watson, Democratic nominee for sheriff, on whom a fierce fight was made by the Citizens' ticket, was re-elected over Allen by a good majority. In the vote for Congressman, Godwin received an estimated majority of 500 or 600 over Slocomb.

Brunswick Solidy Republican.

Southport, N. C., Nov. 4.—Returns from practically all precincts in Brunswick county indicate that the Republicans made a clean sweep of the ticket. The majority for Emple for State Senator in New Hanover, however, will result in the county's being represented in the upper house of the next General Assembly by a Democrat.

Later Report From Fifth.

Raleigh, N. C., Oct. 5 (1 A. M.)—Indications late tonight are that A. L. Brooks, Democrat, has been defeated by the Republican candidate for Congress in the Fifth district by a small majority. Both claim a small majority, but the result is still in doubt.

General Assembly.

Raleigh, N. C., Nov. 4.—The lower house of the next Legislature of North Carolina will be as follows, as far as returns indicate today: Democrats 91; Republicans 22; doubtful 7.

This is about the same as it was two years ago. The Senate is safely Democratic.

CARROLL WAS TRIED

Alleged Pick-Pocket Placed in Jail Under Bond.

In the police court yesterday noon, C. L. Carroll, a white man, for attempting to pick the pockets of Mr. J. D. Edwards at Princess and 17th streets Tuesday night, was tried and committed to jail in default of $75 bond. The case attracted some interest, quite a few spectators being present to hear the preliminary investigation of the charge.

Another case of little consequence, but which required some time to dispose of, was the charge of disorderly conduct against Joe Peay, colored, the prosecuting witness being Der Chung, a Chinese laundryman. Herbert McClammy, Esq., appeared for the Chinese laundryman and L. Clayton Grant, Esq., represented the colored man. The negro was alleged to have cursed the Chinaman and the evidence being sufficient, the former was fined $5 and the costs.

Thomas Kennie, was tried for vagrancy and judgment was suspended on condition he leave the city.

Messrs. E. W. & D. C. B. VanDuzen submitted to charges of disorderly conduct by arguing the political issues rather heatedly and the cases were disposed of by the payment of the costs.

WOMACK-WHITE NUPTIALS

Pretty Wedding Ceremony in This City Yesterday Afternoon.

A marriage of much interest to friends was solemnized at the residence of Mr. J. D. Burger, No. 212 Red Cross street, yesterday afternoon, the parties being Miss Mary Thomas White and Mr. Robert Dabney Womack, the latter a former resident of this city, but now of Jacksonville, Fla. The vows were said in the presence of many relatives and friends, the ceremony being performed by Rev. J. M. Wells, D. D., pastor of the First Presbyterian church. Shortly after the ceremony the couple repaired to the depot, and left for South Carolina, where they will spend a few days on a bridal tour, before leaving for their future home in Jacksonville, Fla., where the groom is agent for the Eppinger & Russell Lumber Company. He formerly held a position with the Coast Line in this city. Wilmington friends tendered the couple their happiest felicitations.

DEATH OF MRS. WALKER

Occurred Tuesday Night of This Week at Rocky Point.

Following an illness of long duration, Mrs. Elizabeth J. Walker, relict of the late J. W. Walker, passed away at her home at Rocky Point Tuesday night at 9 o'clock. On account of her failing health, which covered a period of some time, relatives and friends had entertained little hope for her recovery.

Mrs. Walker was held in the highest esteem by her many acquaintances and Wilmington friends learn of her death with much regret. She was 71 years old and there are surviving her five children of the immediate family, as follows: Mrs. Elizabeth George, Mrs. W. T. Ballington, Miss Rosa Walker and Messrs. A. J. and J. A. Walker.

The funeral will be held this morning at 10 o'clock from the home at Rocky Point and the interment will be in the family burying ground at Riley's Creek.

The Georgia Southwestern and Gulf Railroad, which proposes to build a line from Albany, Ga., to St. Andrews Bay, Fla., yesterday filed for record a $4,000,000 mortgage to the Carnegie Trust Company of New York. The State Railroad Commission has authorized the issue of bonds to that amount. The railroad with branches is to be 200 miles long.

PARADE AND CIRCUS

(Continued from first page.)

Will Rehder, C. B. Chamberlain, F. P. Donlan, S. J. Springer, John Turrentine, Jr., F. P. Turrentine, C. Martin, Marshal F. P. Lamb, General Announcer Emmet E. Levy and thirty funny clowns among those besides those named being D. B. Sinclair, M. B. Mintz, F. P. Harrell, H. H. Ford, F. P. Donlan, C. T. McKelthan, E. F. O. Banck, Louis Goodman, E. Eberhardt, Jas. H. McFarland, B. E. Edwards, A. G. Ahrens, Charlie Southerland, John Meier, Pat Gerken, R. H. Morris, E. Doak, Henry Angel, J. Carewe, C. Fetter, Frank Stafford, Willie Watters, Ed Blake, G. T. Hewlett, Chas. Yates, H. E. Longley, E. R. Hall and last but not least George Honnett, Jr., in the inimitable role of drum major.

The parade was at least ten blocks long and was nearly an hour in passing a given point. While, necessarily, it did not contain that element of beauty that featured the civic and floral parade the day before, it was altogether unique and highly creditable for its originality and elaboration to approach the time-honored standard of extravagance commonly reputed to all shows and circuses.

Elks' Society Circus.

The largest crowd ever seen on a lot in Wilmington thronged Festplatz last night for the Elks' Society Circus and the midway attractions. Cars were operated from Front and Princess streets on the double track every two minutes during the early evening but even this schedule was insufficient to handle the crowds. The main attraction was, of course, the circus and under the canvas the crowd was large and seemed well pleased with the exhibition. Necessarily several features had to be eliminated but these will all be on at a special matinee for ladies and children this afternoon at 3 o'clock and again tonight for the general public. The amateur acts were supplemented by some high-class professional work by performers from King & Tucker's Railroad Shows, which are signed for the week by the Elksfest management. The professional acts include some especially meritorious wire and rope walking, acrobatic stunts and pony frolic in the ring. Among the amateur acts that claimed especial attention last night were Percy Wells in a "Merry Widow" stunt on the trapeze; Herr Smithie, the Modern Sampson, toying with huge iron safes, 300-pound weights, etc.; Prof. King and his orchestra of musical prodigies and Julius Taylor's Megatherian Minstrel Combination and Circus Concert Stars. Prof. Johnnie Meier and his trained Giraffe, also amused and delighted the crowd, while the nondescript clowns and clownettes provoked no end of mirth and laughter. Capt. Wm. F. Robertson looked and acted the part of ringmaster and under his direction the show passed off without untoward incident.

The concert by Director Julius Taylor's Nickle Plated Minstrels was really the big feature of the show. With Mr. C. W. Hollowbush as interlocutor; Johnnie Meier as Bones and Fred Gerken, as Tambo; Wilson & Daniels, George Hewlett, H. Goodwin and H. W. Angell in their respective sketches, nothing was left to make of the affair a complete success.

The matinee at 3 P. M., for the ladies and children will be made especially attractive and the admission will be only 25c. There will be a grand free act in a high-wire ascension at 2:30 o'clock. The evening performance will begin promptly at 8:30 o'clock.

To Wed in Lion's Cage.

A big feature Saturday afternoon at 4:30 o'clock will be the novel sight of a wedding in a den of lions from the Ferarri Wild Animal Show. The tent will be enlarged by the addition of side walls and this unique marriage, bona-fide in every respect, will take place in full view of all. The admission to this novel affair will be 25 cents and the proceeds go to the playground movement. A couple willing to undergo the ordeal of the performance has volunteered for the performance and fuller details will be given as the date approaches.

The Civic and Floral Parade.

The city was not through, even with the election frost, talking about the civic and floral parade of Tuesday. There were several omissions from the line of march, one of the most notable ones being the "Gold Dust Twins" so cleverly portrayed by children of Mr. and Mrs. Sol Sternberger.

The committee as yet has made no announcement or award of prizes as to the baby carriages and go-carts.

The Woodmen of the World float, which took first prize for fraternal orders, has every reason to be proud of the distinction it achieved. The committee in charge of the float was composed of Messrs. Jas. H. Burriss, Geo. C. Jackson and John E. Wood. The committee was assisted in its magnificent display by Messrs. E. D. Warren, J. C. Davis, George T. Hewlett and W. E. Higgins. The ladies in charge of the decorations were Miss Lizzie Mulford and Miss Maie Farrow. Representations on the float were C. C. Redd as "Uncle Sam," Mary Jackson, Caroline Fleet, Emma Donnelly Yopp and Charlie Farrow as Uncle Sam's children. James Burriss, Jr., and Alvin Higgins were pretty cupids and Marie Fleet and Virginia Jackson were bewitching as fairies. The boys with the axes, representing the Woodmen, were Edgar Warren, Rufus LeGrand, Dudley Howell and William Vollers. It was one of the most creditable displays ever made by a fraternal organization in the State.

Many Visitors Here.

A large number of visitors are here for the Elksfest many of them from a distance. The steamer Wilmington brought up two large parties from Southport leaving there at 7:30 A. M. and 2 P. M. yesterday. The boat returned with the excursionists, about 100 in number, last night at 10 o'clock. A party came up from Fort Caswell Tuesday night to hear the election returns and visit the fest.

The directors of the American Tobacco Company have declared the regular quarterly dividend of 2 1-2 per cent., and an extra quarterly dividend of 7 1-2 per cent. on their capital stock.

The Theatre

The Crystal Palace has been enjoying fine business this week and has on a most festive offering in celebration of Elksfest week. The present bill is excellent both for variety and novelty and, as has been stated before, is made-up of well known vaudeville people. Minor and Vincent are still favorites, while the act presented by the great Kalma, the "man of mystery," has created much surprise and wonderment. Today the regular semi-weekly change of programme goes on at the popular little vaudeville house and the new bill will be a "corker" so it is claimed by the management. Kalma will introduce even more startling and attractive feats than during the early part of the week. Many visitors have been attendants at the Palace this week and have enjoyed themselves hugely, judging by their warm expressions of praise.

"Richard the Third."

Despite the strong counter-attraction at Festplatz, the Bijou was thronged with visitors yesterday afternoon and last night and the film, "One of the Bravest," proved to be one of the best ever given locally. Adhering to its policy of giving its patrons variety in form of amusement, the pretty little theatre will offer today a classical film, "Richard, The Third," which will be received with loud acclaim by lovers of Shakespeare. This will be put on by the Vitagraph Company and the famous play will be enacted in moving pictures by a company the equal of any in the country. The story is old, of course, but has lost none of its charm for admirers of the best in dramatic art and large audiences are expected at both afternoon and evening performances. Prices always the same, five cents, with special attention to the ladies and children.

OPPOSITION TO MA. CANNON

Congressman Fowler Announces Himself as Candidate For Speaker.

(By Wire to the Morning Star.)

New York, Nov. 4.—Charles N. Fowler, chairman of the Committee on Banking and Currency of the House of Representatives, representing the Fifth District of New Jersey, who has just been elected for the 8th time, announces himself as a candidate for Speaker of the House in the Sixty-first Congress upon the following platform:

The House of Representatives shall elect a board of managers consisting of seven members which shall be charged with that direction of legislation which is now assumed by the Speaker of the House.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong; He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complains. Now Is the Time to Advertise in The Morning Star

CAUSE OF BRYAN'S DEFEAT

A Statement From Chairman Mack—Misrepresentations Made to the People—To Keep Up the Democratic Fight.

(By Wire to the Morning Star.)

New York, Nov. 4.—Declaring that the Democratic party is more united today than it has been in many years; that Mr. Bryan was defeated by what he claims was misrepresentation to the effect that his election would hurt business interest, Chairman Mack, of the Democratic National committee, late today issued a statement in which he announces extensive plans to advance the party's interests during the next four years. Mr. Mack's statement follows:

"There is not much for me to say and no apologies to make relative to the victory of the Republican party. Mr. Bryan made the most magnificent fight ever waged by a candidate. The party was made the victim of misrepresentation—a misrepresentation that Democratic success would retard the business interests of the country. That was, of course, an argument without foundation in fact.

"Notwithstanding yesterday's defeat the Democratic party stands more united today than it has in many years and in this union is its future strength and power of recuperation.

"It is my intention to continue headquarters in Buffalo and Washington for the next four years to keep in touch with the leaders of all the States and promulgate Democratic principles and Democratic thought by the printing of literature to aid the leaders of the party in fighting the high tariff which, in all probability, the Republicans will continue notwithstanding their promises to revise. I am supported in this by members of the National committee, State chairmen and other leaders all over the country.

"In his State, Nebraska, where he is best known, Mr. Bryan was victorious. While it is true he met with defeat in the nation he did so as the candidate of his party supported by the 6,000,000 or 7,000,000 of his countrymen who voted for him and his principles he so splendidly espoused and with the respect and admiration of the entire nation."

OUR WARSSHIPS AT AMOY

Contests Between Ships' Athletic Teams—Trophies Presented.

(By Cable to the Morning Star.)

Amoy, China, Nov. 4.—Sports were again the feature of the entertainment on shore today for the American sailors. An eleven from the battlesnip Virginia defeated the Louisiana football team by 11 to 0, and a baseball nine from the Kentucky defeated a nine from the Louisiana.

The conclusion of the games was followed by the presentation of the trophies. The Kentucky got the gold cup for its victory at baseball. The Virginia received a gold cup to commemorate its triumph in the football contest and the Louisiana got a silver cup in honor of victories of her men in field sports. Each player in the finals of the football and baseball matches was given a replica in silver of the golden trophy, and each admiral and captain was presented with handsome silver trophies.

Three hundred Chinese students were entertained on board the Missouri this afternoon.

HOLLAND AND VENEZUELA

Holland Will Protect the Interests of Her People.

(By Cable to the Morning Star.)

Willemstead, Curacao, Nov. 4.—The colonial Government issued a communication today to the people of Curacao setting forth that the rumors current recently that the Government of the Netherlands would take some hostile action against Venezuela on the first of November were without foundation.

This communication has created considerable discussion. It also has led to the belief that Holland does not intend to embark on any course of armed hostility against the republic of Venezuela. The article gives assurance that the interests of the colony will not be neglected. The Government of The Netherlands, it is explained, will put an end to the existing difficulty with Venezuela in a manner entirely satisfactory to itself as well as to the people of Curacao.

The cruiser Gelderland entered port yesterday afternoon and is still here. The cruiser Friesland will leave port today.

BRYAN NOT DISCONCERTED

He Takes His Defeat Cooly—Reading Late Returns.

(By Wire to the Morning Star.)

"Fairview," Lincoln, Neb., Nov. 4.—Although it was after midnight when he actually went to bed, W. J. Bryan was up and doing early today. So far as appearance went there was nothing about his manner to indicate the disappointment which he must have felt over the result of the election. He greeted his callers with a smile and scanned the morning papers for news from States from which no definite returns had been received. "Before making any statement," he said, "I want to get the actual results in Ohio, Indiana and Kansas.

For some time today Mr. Bryan talked the situation over with Rev. Father John Nugent, of Des Moines, Iowa, one of his staunchest friends, who was a house guest over night. The two men took a brisk walk to the trolley station, where Father Nugent boarded a car to take him down town.

Passenger train No. 5 on the Southern Railway from Atlanta to Cincinnati was derailed one mile south of Powder Springs, Ga., yesterday. All the cars left the track with the exception of the last sleeper and two of the derailed cars turned over. A number of passengers were slightly injured.

CAUSED DOUBLE TRAGEDY

Young Wall Street Broker's Secret Marriage Thought to Have Resulted in Murder of Mother and His Suicide.

(By Wire to the Morning Star.)

New York, Nov. 4.—Revolution by a son to his mother of a secret marriage and parental refusal to be reconciled to it, is believed to have been the impelling cause of a double tragedy in a large hotel here today. The victims of the tragedy were Mrs. Rebecca Veit, a wealthy widow, and her only son, J. Nelson Veit, 27 years of age, a Wall street broker, the circumstances of the affair indicating that the mother was shot by the son, and the latter then took his own life by inhaling illuminating gas. The bodies of both were discovered today. Mrs. Veit lay dead in her bed while her son was found on the floor of the bathroom in his mother's apartment. An aunt of the suicide, Miss Anna Veit, discovered the bodies when she sought to awaken Mrs. Veit, in whose apartments he had spent the night. The police made the discovery today that Veit, who was supposed to be single, was married secretly in October of last year. His mother had only recently returned from France and the coroner's theory is that her finding out about her son's marriage precipitated a quarrel between them, culminating in the tragedy.

Late today the police found Mrs. J. Nelson Veit, widow of the dead man, in another uptown apartment house, where she said she had been living with Veit for a month past, having been away from New York, all the time since her marriage to Veit in October, 1907. Mrs. Veit said that she never met her husband's mother and did not know whether or not the mother was ever told of the marriage. Her husband, she said, left early last night, and telephoned to her about 10:30 o'clock that he would be home in half an hour. She did not hear from him again, she said.

The dead woman was the widow of the late Felix Veit, a wealthy broker and senior member of the firm of Veit, Lyon & Company, well known a few years ago in Wall street. The mother usually spent the Summer months in France, where she owned a chateau. Young Veit was a member of the National Guards of New York.

WARM WIRELETS.

While removing debris from the cellar of the Mayer building in Erie, Pa., recently destroyed by fire, two men were killed and three injured yesterday when a wall collapsed.

"Temporarily defeated, but not conquered," is the way President Gompers, president of the American Federation of Labor, sums up Labor's view of the election in a statement issued yesterday.

In a statement tonight Frank H. Hitchcock, chairman of the Republican National Committee, announced that a complete list of all the contributions made to the Republican campaign fund would be made public in the near future.

At Newark, N. J., upon the announcement of Taft's election the 5,000 operatives in two great thread mills in this city were notified that full time work would be resumed next Monday. Since last April the mills have been running on part time.

President Edmund H. Gails, of the University of Illinois, issued an address on the subject of hazing to the students, in which he declared that hazing will not be tolerated and that any student found guilty of hazing will be dismissed from the University.

The Arkansas Railroad Commission, on advice of the Attorney General, has voted to issue an order to the railroads against their charging three cent passenger rates. All the railroads are now charging this rate and penalty suits will follow on the part of the State.

President Charles W. Eliot, for more than 30 years the head of Harvard University, tendered his resignation October 26th, to take effect May 19, 1909, according to an announcement made yesterday by the Harvard board of overseers. The resignation has been accepted.

The Board of Trade of Jacksonville, Fla., most of the members of which are Democrats, has sent a message to the President and wishing National prosperity and progress under the guidance of his administration. An invitation was extended to Judge Taft to visit Jacksonville before his inauguration.

Indications last night from returns received at Roanoke, Va., are that Parsons, Republican, has carried the Fifth Congressional district defeating Saunders Democrat incumbent, by 50 votes. The result is, however, still in doubt and both sides are claiming it. Congressman Slempt, Republican, claims his majority over Byars, Democrat, in the ninth, is 4,489.

Colonel J. M. Guffey, who was defeated as National Committeeman from Pennsylvania at the Denver convention commenting on the defeat of W. J. Bryan, said: "The outcome Tuesday clearly showed the folly of the Denver convention in allowing itself to be dominated and dictated to by one family. Let us hope that the early future will give us a Democratic party wherein personal ambition will be ignored and fundamental Democratic principles prevail."

EVERY HOUR OF THE DAY.

J. Frank Jarman, the reliable Druggist of 107 Princess street, Wilmington, N. C., is having calls for "HINDIPO," the new Kidney Cure and Nerve Tonic that they are selling under a positive guarantee.

FESTIVAL WEEK MADE MERRIER

An Excellent Entertainment on Down Town Streets Adds to The Occasion

A HIGH CLASS PERFORMANCE

Col. Frank A. Dillingham's Vaudeville Performers Give Performance at Front and Market Streets, Which is Highly Appreciated.

On account of the presence of so many strangers in Wilmington this week the Dillingham free lecture and entertainment was given down town last night at the corner of Front and Market streets, where it was enjoyed by a large audience. The songs and comedy of Col. Dillingham's comedians adds a high class feature to the week of merry making in Wilmington that is thoroughly appreciated by the large crowds that gather to hear these excellent entertainers.

The reports of the lectures delivered by Col. Dillingham's local representative, and the marvelous cures made by Plant Juice, have spread throughout this section of the State and aroused an interest in these great healing remedies that bids fair to establish a new record for the popularity of Plant Juice. Letters from people in the vicinity of Wilmington are pouring in every day. They come addressed to Col. Dillingham, to the local druggists, and even individuals, who have made statements setting forth the relief Plant Juice has afforded or some member of their family are receiving letters from out of town people who write for further information concerning some particular cure, or to learn where Plant Juice can be bought.

All of these inquiries are given attention, especially those addressed to Col. F. A. Dillingham, P. O. Box 345, Wilmington, N. C. The remedies are sold at the following prices: Plant Juice, $1 per bottle; Plant Juice Liniment, 25c per bottle; Plant Juice Healing Salve, 25c per box. Three bottles of Plant Juice are sold for $2.50 and when ordered in this quantity, or more, the express charges will be prepaid.

All Wilmington druggists carry a full line of Plant Juice remedies in stock and give prompt attention to out of town orders. Col. Dillingham wants it made plain to the people of this section that every bottle of Plant Juice is guaranteed to do exactly what is claimed for it. It matters not whether it is bought from one of Col. Dillingham's representatives, from a Wilmington druggist, by mail, or otherwise, it is guaranteed. If it fails to accomplish all that is claimed for it the purchaser's money will be refunded after a week's trial, upon presentation of the carton and the unused portion of the medicine at the place of purchase.

CLOSE IN MARYLAND.

Indications That Bryan Carires the State by Less Than 200.

(By Wire to the Morning Star.)

Baltimore, Md., Nov. 4.—With fifteen precincts on the eastern shore still to hear from the indications are that Bryan has carried Maryland by no less than 200. Both Democrats and Republicans claim victory. It may require the official count to determine the results positively. Undoubtedly Maryland is the closest State in the Union.

Baltimore, Md., Nov. 4.—The political pendulum has swung once more tonight, on the face of unofficial returns, Taft has carried Maryland by 149 votes.

The Bachelors' Excuses.

At a wedding breakfast the bachelors were called upon to give their reasons for remaining single. The following were among the reasons given:

"I am like the frog in the fable who, though he loved the water, would not jump into the well because he could not jump out again."

"I am too selfish and honest enough to admit it."

"I prefer, on the one hand, liberty, refreshing sleep, the opera, midnight suppers, quiet seclusion, dreams, cigars, a bank account and club to, on the other hand, disturbed rest, cold meat, baby linen, soothing sirup, rocking horses, bread pudding and empty pockets."

"I have a twin brother, and we have never had a secret from one another. He is married."

Suspicious.

A man entered a Tenderloin drug store the other day and asked for a telephone, says the New York Tribune. He was evidently from out of town. "Do I pay you first or afterward?" he asked the clerk when the instrument in question was pointed out to him. "You call your number and then put your dime in the slot," snapped the clerk. The stranger was suspicious. "In that hole there?" he asked, looking all around the telephone and fingering the slot dubiously. "Yes." "I guess not," said he, turning away, with decision. "I ain't lookin' fer no savin's bank."

Saw Him With Her Own Eyes.

"It is too bad," said Mrs. Oldcastle, "that our curate seems likely to be a valetudinarian all his life."

"Why, he ain't, is he?" replied her hostess as she toyed with her diamond studded lorgnette. "I'm almost sure I seen him eatin' beefsteak at the dinner in the parish house night before last."—Chicago Record-Herald.

MISLEADING NAMES.

Terms in Science That Belie the Products to Which They Apply.

There are terms in certain departments of science that positively misname the products to which they are applied.

The word "oil" in its more comprehensive and indiscriminate uses is made to include hydrocarbons, like petroleum, and also many other substances that have an oily appearance, like "oil of vitriol," which is not oil at all, but sulphuric acid.

Strictly speaking, the mineral oils, including all petroleum products, are not oil, although we speak of "coal oil" and "kerosene oil."

The best classifications of oils do not include mineral hydrocarbons, like naphtha, paraffin and petroleum, but treat only the two well defined groups—fixed oils and fats and the essential or volatile oils.

"Copperas" is not copper, but sulphate of iron. "Salt of lemon" has nothing to do with the fruit of the lemon tree, but is potassium binoxalate or potash treated with oxalic acid.

"Carbolic acid" is not an acid, but a phenol. In structure it is allied to the alcohols and has only slight acid properties. "Soda water" has no trace of soda. "Sulphuric acid" contains no sulphur. "Sugar of lead" is innocent of sugar.

"Cream of tartar" has nothing to do with cream nor "milk of lime" with milk. "German silver" is a stranger to silver, and "black lead" is not lead at all, but graphite. "Mosaic gold" is a sulphide of tin.

These misleading names have come down from the vocabulary of an early and inexact chemistry. As popular science extends the old terms are yielding to the more scientific nomenclature.

A Monster of Learning.

The famous Cardinal Mezzofanti knew an amazing number of languages and dialects. Perhaps he is best known to the modern English reader from the eulogy to be found in one of Byron's memoranda, published by Moore.

"Your literary everyday man and I," says Byron, "never went well in company, especially your foreigner, whom I never could abide. I don't remember a linguist among them whom I ever wished to see twice, except perhaps Mezzofanti, who is a monster of learning, the Briareus of parts of speech, a walking polyglot and, more, who ought to have existed at the time of the tower of Babel as universal interpreter. He is indeed a marvel—unassuming also. I tried him in all the tongues of which I knew a single oath (or adjuration to the gods against postboys, savages, Tartars, boatmen, sailors, pilots, gondoliers, muleteers, camel drivers, vetturini, postmasters, posthorses, post houses, post everything), and, egad, he astounded me, even to my English."

Gulls and Clams.

The discussion continues between those who think that all the acts of the lower animals are satisfactorily explained by the hypothesis of inherited instinct and those who hold that there is an element of intelligence, if not of reasoning, in these things. W. L. Finley, in a work on American birds, mentions an observation of his which may perhaps be explained either way, but which in any case is interesting. A gull seized upon a clam and, rising to a height of about fifteen feet, allowed it to fall upon hard ground. The clam kept its mouth shut. Again the gull rose with it to the same height and dropped it once more, with the same result. This operation was repeated fifteen times, when at last the shock had the desired effect, the shell was opened, and the gull enjoyed its dainty contents.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at R. R. Bellamy's drug store. 50c and $1.00. Trial bottle free.

SPIRITS TURPENTINE

—Goldsboro Argus: Some full-grown, redolent and luscious second crop apples, on the bow, were brought to us yesterday by Mr. George Croone, which grew in his garden at the south end of East Centre street.

—Tarboro Southerner: Rev. F. H. Harding, who received a call some time ago from the Holy Communion of Charleston, S. C., will render his decision to the vestry of Calvary Episcopal church at a call meeting to be held this evening or tomorrow.

—Newbern Journal: Newbern will have some distinguished company as guests next week. It is expected that Governor Guild of Massachusetts, and his staff will be here at the unveiling of the monument to the memory of the Massachusetts soldiers next Tuesday.

—Newbern Sun: Monday evening about 10:30, while one of the local speakers was addressing a crowd on the political issue at the corner of Middle and South Front streets, and at which point a fire alarm box is located, some mischievous fellow turned in a false alarm, bringing out the department to this special juncture.

—Winston Sentinel: The Moravian ministers of the city met last Saturday afternoon at Bishop Rondthaler's residence for the purpose of making plans for the approaching session of the Provincial Synod of the Moravian Church of the Southern Province which will be held at the Home Moravian church at ten o'clock on the 17th of this month.

—Greensboro Telegram: Mr. O. C. Wysong, president of the Wysong & Miles Company, has just returned from New York where he made arrangements to have the machines made by his company represented in fourteen cities in foreign countries These machines are built in Greensboro under patents and are attracting attention all over the world.

—Thomasville, Nov. 3.—Capt. M. L. Jones sent a bar of gold to the United States mint at Charlotte last week valued at $4,200. This is the result of 15 days' work with 20 hands. This mine, during the past 5 years has produced 1,700 pounds of pure gold, and for which $315,000 has been received. This mine during the past few years of its existence has produced two-thirds of the gold production of North Carolina. The above figures are true and can be verified at the United States mint in Charlotte.

—Chapel Hill, Nov. 3.—Coach Greene is fast getting the 'varsity squad in readiness for the hard fight with V. P. I. at Richmond on next Saturday. So far this season the V. P. I. team has made a better record than the Tar Heels have, but next Saturday's contest wil be well worth seeing. The Carolina team is about ten pounds lighter to the man than V. P. I., but what they lack in weight will be made up in speed and fake plays. The team is in fine condition after the Saturday's game with Richmond College.

—Asheville, Nov. 4.—It is now practically certain that the southern plant of the National Casket Company will be located on the French Broad river, near Asheville. A site of twenty acres has been tendered the company and accpted. It is necessary to secure certain rights of way, however, on the east side of the river for a spur track, and to this end Asheville citizens are working. The leading spirits in the movement to secure the new plant are Judge J. C. Pritchard and George S. Powell of the board of trade. The plant will be a $50,000 establishment, with probably shortly a great finishing plant.

—Greensboro Record: Mr. C. L. Williams, receiver for the City National Bank, has received instructions from the Comptroller of the Currency to bring action against the directors of that institution for the recovery of a sufficient sum to pay off all depositors in full, and reimburse the stockholders for the amount they invested in bank stock, or so much thereof as possible. Acting upon these instructions Receiver Williams summoned the directors to his office Saturday afternoon to see if a settlement could not be reached without a suit. The Comptroller contends, after examining the accounts, that if the directors had been vigilant the bank would not have failed, therefore he is looking to the directors to make good whatever losses were incurred. Following the conference with the receiver the directors held a meeting and appointed a committee to consider the matter of a settlement.

—News and Observer: There is a novel case on the criminal docket of Wake Superior Court for trial at the January term. A citizen of New Light township stands indicted for disturbing religious worship, and there is no charge of either intoxication or profanity. The facts are in substance as follows: A preacher had condemned several attendants, who did not profess to be followers of the faith, and refused to be converted, to everlasting torment. Man after man in his congregation calling them by name, he sentenced to perdition using the shorter word. "And what is this hell to which you without hope shall go?" asked he, continuing: "It's streets are paved with beer bottles, its gullies are washed with corn liquor ,and at each of the countless windows of the sky-scrapers on each side of the street is the face of a woman." "O, death, where is thy sting?" exclaimed the defendant, for which he was indicted for disturbing religious worship.

A Sure-enough Knocker.

J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns, etc. 25c at R. R. Bellamy's drug store.

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."
Another from Newark, N. J.
"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and $1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

Cut This Out **FREE** To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Nov., 4.—After making new high records at the opening today the cotton market eased off under heavy realizing and closed barely steady to a net decline of 3 to 8 points. Sales were estimated at 300,000 bales.

The opening was firm at an advance of 4 to 9 points in response to higher cables and fresh buying which was evidently promoted by satisfaction over election results. The initial advance carried January up to 9 cents or the highest prices reached so far for the season, but at this level realizing was very heavy and the market developed a reactionary tendency which became more pronounced during the afternoon as a result of weakness in New Orleans and rumors of financial difficulties in France. The close was within a point or two of the lowest. Trading was generally active, and while parties who had carried long lines over election, appeared to be selling for profits the offerings were absorbed on a scale down by fresh buyers. Good weather over the holiday, the failure of yesterday's conference to result in a settlement of Lancashire labor troubles and yesterday's record breaking port receipts aided the reaction.

Receipts at the ports today were 68,837 bales against 81,238 last week and 49,905 last year; for the week 425,000 bales against 447,682 last week and 366,777 last year. Today's receipts at New Orleans were 17,039 bales against 15,823 last year, and at Houston 26,404 bales against 7,906 last year.

Spot cotton quiet, 5 points decline; middling uplands 9.35; middling gulf 9.60; sales none. Futures opened firm and closed barely steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Nov. 4.—The dry goods market was affected by the results of the election today. Many orders of a tentative character were confirmed in the woolen and worsted goods division. Cotton goods and cotton yarns are advancing under the impetus of a sustained demand. Some lines of satin faced silks have been advanced from 2 1-2 to 5 per cent. Knit goods and hosiery are firmer and the demand is somewhat better.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Nov. 4.—The stock market today demonstrated in a striking manner its capacity for reaching a conclusion beyond a prevailing assumption. The assumption had become almost universal in the financial district at the ripening of the occasion to which the speculation has been looking forward would be accompanied by the harvesting of the fruits. The extent of the advances established for Americans in London before trading began in New York today inspired many operators in stocks to act. After a momentary pause at the end of the first hour, when the buying orders seemed to have been exhausted and prices were quite generally a point below the opening high level, there developed an impressive new demand The buying for the rest of the day was persistent and determined and ranged over a wide field of choice in the list of stocks.

Banking interests and large capitalists seemed to come back into the market with great confidence. The sentiment of the country as expressed in the elections was construed as favorable to capital and as opposed to radical readjustments of established methods or relations between labor and capital and capital employment. The outburst of speculative enthusiasm which resulted proved a surprise to the most careful observers. The closing tone of the stock market was very animated and buoyant and list prices were close to the highest of the day. That level was the highest in the history of United States Steel preferred and Southern Pacific.

Bonds were firm. Total sales, par value, were $8,090,000. United States bonds were unchanged on call. Total sales today were 1,370,900 shares.

NEBRASKA'S VOTE PLEASED BRYAN

Also Gratified That Many Political and Personal Friends Were Elected.

MADE INFORMAL STATEMENT

Delegation of Lincoln Friends Visited Him at Fairview to Express Confidence and Devotion—Attended Banquet.

(By Wire to the Morning Star.)

Lincoln, Neb., Nov. 4.—While not caring to discuss at this time the political effect of the Democratic victory in his home State or analyze the causes, William J. Bryan this afternoon in an informal talk to a number of friends who called on him expressed his pleasure at the result in Nebraska and the satisfaction it afforded him to learn of the election of so many of his political and personal friends.

A delegation numbering nearly a hundred from Lincoln visited Mr. Bryan at Fairview to express to him their confidence and devoution and to assure him that such was the sentiment of a majority of the people of his city and State.

Mr. Bryan in responding said:

"I am highly gratified over the results in this State. The National defeat has not been such a disappointment when we have had so many things to console us. I hope I have convinced my friends that running for office has only been an incident to my work. My heart has ever been set on holding office, but I wanted to do certain works and it looks as though the Presidency migh offer the opportunity to do that work. I am sure that in private life I can have the chance to do something. One is not required to hold office in order to do big things; one is simply required to do those things within his reach, and that much is within the reach of each of us.

Personally I shall find as much joy being out of office, if the returns show I must be, as I would be in office. I hope still to be of influence to bring about needed reforms. I appreciate very much the confidence and loyalty of the people near us. It has been the greatest comfort that the election has given us. The fact that those among whom we live have shown this confidence we appreciate more than I can tell you. It has been very kind in you to come out here and visit us on on this day."

The defeat he sustained yesterday did not weigh heavily on Mr. Bryan. He was one of the most cheerful of those at his home and laughed and joked good naturedly with his visitors. Tonight Mr. Bryan was the guest of honor at the banquet of the State Teachers Association where he made a short address. He has no other immediate plans than to rest at his home, following his canvass.

The Vote in Nebraska.

Lincoln, Neb., Nov. 4.—Returns from Tuesday's election in Nebraska, are far from complete but seem sufficiently definite to confirm the first report that the Democrats had won a sweeping victory in Nebraska. While the pluralities are not phenomenally large they are complete, the State ticket and candidates for Congress in most instances running parallel with Bryan.

Complete returns from a third of the counties and scattering precinct returns from most of the remainder show that Bryan will have a plurality of not fewer than 1,000 votes and Shallenberger, Democrat, for Governor and the rest of the Democratic ticket will have about 9,000.

But the Democratic victory does not stop there. Five of Nebraska's six Congressmen are Democratic, only one Republican, Honshaw, in the fourth district, escaping defeat by 700 votes, although his district gave Bryan a plurality.

The greatest surprise of all is the overwhelming majority the Democrats will have in the legislature. Of the 133 Senators and representatives elected, the canvassers of returns tonight could find only 18 Republicans who had won. Lancaster (Lincoln) which for 30 years has elected none but Republican members to both branches this year sends four Republicans and three Democrats.

EXPRESSION FROM TAFT.

He Declared That Business, Labor And Agriculture Supported Him.

(By Wire to the Morning Star.)

Cincinnati, Nov. 4.—Early today William H. Taft gave hearty expression to the gratification he felt on his election as President of the United States. Business, labor and agriculture, he declared, had supported him. His success, he said, should be also the success of the country if his ability and his endeavor could make it so.

"Please say that I am perfectly healthy but tired," was the message Judge Taft wished uttered for him tonight. With Mrs. Taft he has enjoyed the pleasant household of the C. P. Taft family mansion today, going forth only once, and then to receive the plaudits of the thousands of his fellow townsmen as they lined the streets and filled the windows for blocks in the line of march of the parade of the Woodward High School pupils, faculty and trustees.

After Hot Springs, the Taft family is considering a number of places for residence during the months that will intervene before inauguration. Among these is Asheville, N. C., which has some objects, because of cold, and Atlanta, Ga., the considerations of which are now being brought forward. The decision will be the one important work of the Hot Springs sojourn.

REPUBLICANS TO CONTROL CONGRESS

OHIO AND WEST VIRGINIA.

While Taft Carries the States Democratic Governors Are Elected.

(By Wire to the Morning Star.)

Cincinnati, Nov. 4.—While fuller figures this afternoon showed that Taft had carried West Virginia by a safe plurality of several thousand the State ticket may not have gone through with him, Bennett, Democrat for Governor, having the better of the argument in probably half the State. Bennett had more than 1,000 plurality, but the figure was so small that the Republicans claim the entire State ticket. The Democrats, however, refused to concede anything.

Cincinnati, Nov. 4.—A plurality of about 50,000 for Judge Taft, the Republican candidate for President was the election expression of Ohio voters, who, however, chose the head of the opposition State ticket by a plurality of probably 20,000. More than half the precincts of the State are included in these results and any later difference will be simply as to the size of the plurality. Both parties claim a majority in the Legislature which will settle the United States Senatorship.

RECEIVER FOR BANK.

Claimed It Harzardous to Deposit Funds With Institution.

(By Wire to the Morning Star.)

Providence, R. I., Nov. 4.—William T. Goodwin, the State bank commissioner, today took control of the Central Trust Company of this city and applied to the Superior Court for the appointment of a receiver and for the issuance of an injunction to restrain the bank from doing business, claiming that it was harzardous for the public to deposit their funds with the institution.

Mr. Goodwin states that the bank has failed to comply with certain State banking laws. He expressed the opinion that liquidation will not result and that the 3,000 depositors will suffer no loss.

The Central Trust Company was incorporated in 1900 with $100,000 capital. Its last statement showed resources aggregating $240,757. The liabilities included the capital stock of $100,000 and deposits of $127,228.

Bank Commissioner Goodwin has been appointed temporary receiver.

About the Children.

Early training is the practice of self-denial; instruction as to the use and value of money; opportunities for earning and saving money, all these tend to fix and fasten the children in the ways of THRIFT AND PROSPERITY. The People's Saving Bank is always glad to assist the little folks in their efforts to save money, accounts can be opened at this bank with any amount. 3t

REPUBLICAN VOTE HAS INCREASED

Taft Received 309 Electoral Votes While Bryan Gets 147.

MARYLAND IN TAFT COLUMN

Indiana and West Virginia Turn to be Safely Republican—Seven Democrats Elected to Congress in Indiana.

(By Wire to the Morning Star.)

New York, Nov. 4.—Practically complete returns received up to a late hour tonight indicate that William H. Taft, of Ohio, as President-elect, will have a vote of 309 in the electoral college. This is within 16 votes of the forecast made by National Chairman Frank H. Hitchcock and 67 more than a majority out of the total electoral vote of 483.

The most important news of the late returns indicates that Maryland, after vacillating during the day and apparently being safe for the Democracy, has been swung into the Taft column. The unofficial figures give Mr. Taft the State by 136 votes. Maryland was the last of the doubtful States to be heard from. Indiana and West Virginia, as well as Montana turned out to be safely Republican. Colorado went for Bryan.

Mr. Bryan has a total of 174 votes, two less than he received in 1896. In 1904 Mr. Parker received only 140 votes in 1900, Bryan received 155 votes, and in 1896, the Nebraskan received 176 votes.

Mr. Taft's 309 electoral votes compare with 336 received by Roosevelt in 1904, 292 received by McKinley in 1900 and 271 received by McKinley in 1896.

Democrats Strong in Indiana.

Indianapolis, Ind., Nov. 4.—A radical change in Indiana's representation in the National House of Representatives was the most striking feature of yesterday's election. The latest unofficial returns complete, give the Democratic party 11 members and the Republicans two. This is a gain of seven members of the Democrats.

William H. Taft carried the State for President by about 8,000. Thomas R. Marshall and the entire Democratic State ticket are probably elected by a plurality of about 15,000. As the returns come in Marshall's plurality increases while the vote on the Republican National ticket decreases.

The State Legislature is probably Democratic which means that a Democratic successor to Senator James A. Hemenway probably will be chosen. In this connection the name of John W. Kern is mentioned. Republican State Chairman Goodrich today admitted that the Republicans lack two votes of having a majority of the State Legislature on joint ballot.

Washington, Nov. —Latest election returns indicate the following:

New York—Taft has 202,000 majority; Taft in Greater New York, 15,645; Hughes' plurality in the State is 69,819; Chanler's plurality in Greater New York is 50,000; Tammany gets all the important local offices.

Pennsylvania—Taft's majority 300,000.

Maryland—Incomplete returns indicated Bryan's plurality 332.

West Virginia—Democratic Governor is leading Taft by 5,300 plurality on returns from about one-third of the State.

Nebraska—Bryan has 10,000 plurality. The Democratic Governor and legislature are elected.

Missouri—Incomplete returns show Bryan leading; the Republican Governor is elected.

Indiana—Taft's plurality is 15,000; Marshall defeats Watson for Governor. The Legislature is doubtful.

Kentucky—Bryan's plurality is 11,000.

Ohio—Taft's plurality is probably 50,000; Harmon is elected Governor.

Illinois—Taft's plurality is 75,000.

Idaho—Probably for Taft. Republicans claim national and State ticket. Republican legislature is elected.

Montana—Taft carries the State by 3,000; entire Republican ticket, except possibly Governor, is elected.

Nevada—Bryan carries the State by 1,500.

Wyoming—Taft carries the State by 5,000.

Colorado—Probably for Bryan; Democratic Governor is elected; the Legislature is doubtful.

Minnesota—Taft's majority is 80,000; Governor Johnson is re-elected by upwards of 15,000.

Washington—Taft's majority is 40,000 (incomplete); Republican Governor is elected by 25,000.

California—Taft's majority is 75,000; probably a Republican Legislature is elected.

Michigan—Goes Republican by 120,000; Governorship is claimed by both sides.

Delaware—Taft's majority is 25,000.

New Jersey—Taft's majority is 65,000.

Oklahoma—Bryan's majority is 25,000.

Iowa—Taft carries the State by 57,000; entire Republican State ticket is elected; the Republicans control the Legislature; Cummins wins the Senatorship.

Wisconsin—Taft's majority is 75,000.

South Dakota—Taft's plurality is 23,000 and upward; Republican Governor is elected.

Utah—Taft's majority is 150,000; the State ticket is Republican.

Kansas—Republican majority is 20,000 to 30,000; Republicans have the Legislature.

South Carolina—For Bryan by 55,000.

Virginia—For Bryan by 30,000.

Texas—For Bryan by 165,000.

Florida—Usual Democratic majority; large pluralities for three Democratic Congressmen.

North Carolina—Bryan's majority is 40,000; the Eighth District is apparently Republican by a small majority; in the Tenth district is possibly a small Democratic majority; the Republicans gain 21 seats in the Legislature; Overman will be re-elected Senator.

Georgia—Bryan's majority is 20,000. There were heavy Republican gains; Watson carried about a half dozen counties. There was a small Independent vote.

Arkansas—Bryan wins by a vote probably equalling Roosevelt's.

OKLAHOMA FOR BRYAN.

Complete Returns From 40 Counties Gives 13,000 Plurality.

(By Wire to the Morning Star.)

Oklahoma City, Okla., Nov. 4.—Complete returns from 40 counties in central and northern Oklahoma received by Chairman J. B. Thompson, of the Democratic State Central Committee, give Bryan a plurality of 13,000. The counties yet to be heard from are largely Democratic. These probably will increase Bryan's plurality to 18,000.

Unofficial complete returns from 40 counties and partial returns from the 35 other counties indicate that the Legislature will be composed of 110 Democrats and 43 Republicans. This is a gain of 25 for the Republicans, the defeat of United States Senator Gore is not threatened.

Marked gains were made by the Socialists. The party's vote in Oklahoma last year was approximately 10,000.

GEORGIA REPUBLICANS

According to Their Statement Bryan Will Have Majority of Only 5,000.

(By Wire to the Morning Star.)

Macon, Ga., Nov. 4.—The Georgia Republican campaign committee today gave out the following:

"Indications now point to a Bryan majority of 5,000 or less. State gave Parker 37,000 in 1904. We claim greatest victory of campaign as fight was made without outside aid of money or speakers and with the negro not voting. Had the registered negro vote been cast the State would have given Taft a majority over all. It was a white man's battle and makes Georgia battle ground in 1912. The people generally are pleased over Taft't election."

CHINESE HUMILIATED.

Because Only Half of American Fleet Visited That Country.

(By Cable to the Morning Star.)

Peking, Nov. 4.—The foreign board sent its thanks to Admiral Emory, the commander of the American fleet at Amoy for his congratulations upon the anniversary of the birth of the Dowager Empress.

The foreign press of China makes favorable comment on the visit of the American battleships, but the central government and the Chinese people, so far as the latter are informed, are humiliatd over the fact that only half of the fleet under Admiral Sperry came to China. There is no reason whatever that complications will result from China's misinterpreting the significance and purpose of the visit of the American warships.

SWEDISH CASHIER CONFESSES.

Admitted That He Took Bank Funds and Skipped to America.

(By Wire to the Morning Star.)

Warren, Pa., Nov. 4.—Israel Jansson, former cashier of a bank in Lindersburg, Sweden, who was arrested by a detective at Yankee Bush last Monday, has, it is alleged, made a complete confession admitting he abstracted 217,000 kroners of the bank's funds. Janesson says most of the money was lost in speculation. Believing his shortage would soon be discovered, he said he asked for a month's vacation and came to America with his family, who are now in Cleveland. He will sail for Sweden in charge of an officer November 10th. When arrested he had $700 in a belt around his waist and $30 in a pocket.
